

FROM VISION TO REALITY EXPLORING GENERATIVE AI FOR PRODUCTIVITY

Simon Schaeublin

Our Purpose: Create leading compression solutions for a sustainable energy future

~3'000

Employees around the globe

~300 tons

the weight of our largest compressors

CHF 1'268mn

our Order Intake in FY22
(+29.9 vs. previous year)

“Making growth happen”: quick exploration of potential use cases

**Vision
&
Strategy**

>20
use cases

Specification Wizard

Problem

- Resource and time intense review of customer specifications
- Over 1'000 pages per project, hundreds of customer projects per year

Approach

- Proof-of-concept, 6 weeks duration
- Document upload capability
- Large-language model, processing pre-defined questions
